## UNITED FUND DRIVE \$7,000 SHORT OF GOAL

Gettysburg's United Fund Monday night reported it is still \$7,000 short of its goal of \$31,402. Failure to meet the proposed goal was announced at the final report night of volunteers at the West St. bank.

With \$24,345 in so far, Chairman Sterling Musselman said he could foresee an additional \$4,000 being raised, but said that unless donors from here on in give unusually large amounts, those who have not given come forth with contributions and those who have already given send additional sums, the campaign will fall short of the full amount.

He termed the situation "serious" because the Community Chest-United Fund has not met its goal in the last few years. Should United Fund fail too often, he warned, it probably would mean withdrawal of member agencies to conduct their own campaign for funds or an addition of 11 fund drives each year.

Nothing that "some people give more than their fair share and we appreciate it because without them we could never come close to our goal," Musselman said. "The problem is the ones who do not give their share, either nothing at all, or a dollar or two. Some whole families give 50 cents or a dollar to support all of these agencies. The sad thing is that they probably would give \$6 or \$11 if there were 11 separate drives, forgetting the annoyance of so many campaigns. On the other hand there are those who are devoted to United Fund, even little children who give you a nickel or dime wrapped up and signed in their childish writing, 'to United Fund.'"

### GRADED CHAIRMAN

Completion of the campaign in the township area around Gettysburg was reported. Musselman graded the chairman, Mrs. Jean Dagenhart and Mrs. Millie Hutto, and their canvassers. The amount raised, \$25,686, was "approximately the same as that raised last year," Musselman said.

Residential solicitation, headed by Mrs. S. Blaine Miller and Mrs. George Hikes is nearly completed, according to the report. So far the residential area has donated \$2,712, or about \$600 less than last year.

## POULTRYMEN DONATE EGGS TO 15 SCHOOLS

See Photo On Page 3

Members of the Adams County Poultrymen's Association this week are delivering 7,360 eggs, one for each elementary school youngster in the county, to the schools in order to give the youngsters a lesson in nutrition backed up with an actual egg to eat.

As part of National Egg Month the poultrymen decided to present each pupil with a pamphlet on the nutritional value of eggs. Along with that each child will receive an egg—usually in hard-boiled form—at lunch during the week. Most schools plan to distribute them on Thursday or Friday.

Schools that have cafeterias generally are receiving the eggs in the fresh state and will prepare them in any fashion the cooks see fit, according to Lee M. Frey, president of the poultrymen's association. Schools that do not have cafeterias, or prefer the eggs that way, will receive them hard-boiled.

### SAME HARD-BOILED

Each hard-boiled egg will be distributed in a separate bag, along with smaller bags of salt and pepper for seasoning.

The schools receiving the eggs and the number for each school are: Eisenhower, 750; Keefeauver, 500; St. Francis Xavier, 506; Fairfield, 425; Cashtown, 278; Conewago, 300; Littlestown, 720; Conewago parochial, 306; McSherrytown parochial, 670; Littlestown parochial, 174; Bonneauville parochial, 252; Bendersville, 266; Biglerville, 384; New Oxford, 575; New Oxford parochial, 263.

The eggs being donated are of medium size which Frey described as the best for hard-boiling. Carl Seifert, Gettysburg, secretary-treasurer of the county poultrymen, is chairman of the committee securing the eggs from the county's farmers.

Monday afternoon the first delivery was made to the Eisenhower School—where the youngsters will receive them Thursday. The eggs will be delivered to the other schools today, Wednesday and Thursday.

The Gettysburg Junior Chamber of Commerce was presented a monthly award for the best internal project in its population division during August by the Pennsylvania Jaycees at a meeting Saturday night in Lancaster.

The monthly award presentation was made by State President Richard Merk, of Williamsport, during a banquet honoring the three outstanding young men in Pennsylvania.

## FAIRFIELD TO ASK VOTERS TO ADOPT MERGER

The Fairfield Joint School System may be the first in the county to move toward a merger under the new school reorganization law, board members were told Monday evening at a meeting in the Fairfield High School, where the board voted to take steps to place the referendum before the voters of the district in the 1964 primaries.

The merger would comprise Fairfield borough, Hamilton and Liberty Townships.

President Joseph Lowe told members, "This is a step in the right direction, and can put Fairfield in a much stronger position in the county reorganization program than we would be as a jointure." The board met with County Superintendent of Schools M. Francis Coulson October 9 in executive session to discuss the merger issue.

Lowe said, "If we merge now we can gain additional reimbursements from the state of \$6,000 to \$7,000 a year." He said that if the voters approve merger in May the program can become effective for the 1964-65 school term. He reminded directors that "the merger is mandatory by 1966, and will go into effect without public vote in 1965."

Under the merger, the tax structure would be uniform for the three districts of the jointure, Lowe said.

### ISSUE DIPLOMA

On the recommendation of Richard E. Straup, high school principal, the board voted to issue a high school diploma to Howard Bigham, who left high school in 1946 to join the armed forces. Since his discharge from service Bigham has taken night courses and required studies to earn 16 and two-thirds credits for graduation from high school.

The board referred the disposition of properties held by the school districts which will not be used after the completion of the new elementary building to the property committee, which will consult with the board's counsel to prepare necessary forms for selling the buildings after January 1, 1964.

Considerable discussion concerning the Fairfield water supply resulted in the board asking Charles Taylor, municipal authority member attending the meeting, and Earl Hartzel to investigate the immediate possibility of obtaining emergency pumping equipment to use at a 200-foot well on the high school property. ## MOBILE X-RAY UNIT TO VISIT AREA 2 DAYS

The mobile x-ray unit will be in Adams County next Tuesday and Wednesday, Dr. Raymond F. Sheely, president of the Adams County Tuberculosis Society, announced today.

The unit will be parked in front of the Plaza Restaurant on Lincoln Square Tuesday and Wednesday afternoons from 1 to 5 o'clock and Tuesday evening from 6 to 9 o'clock. The unit will move to Biglerville Wednesday evening and will be parked at Ditzler's Furniture Store, Main St., from 6 to 9 o'clock.

Dr. Sheely said that any person 15 years of age and over will receive free chest x-rays. He suggests that high school seniors planning to enter college or nursing schools next fall should report now for chest x-rays if they are required as part of the physical examination.

Persons under 15 years of age will receive chest x-rays at the mobile unit if they present a card issued by the Tuberculosis Society or by their personal physician, Dr. Sheely said. Each person receiving an x-ray will be notified in a few weeks concerning the results of the tests.

Mrs. Harold L. Ecker, executive secretary of the local society, said that this is the only time the mobile unit will be in Adams County this year.

## York Student Is Handcuffed To Sign

Gettysburg police were summoned to Dorm D at Gettysburg College Monday evening at 9:30 near where college students had found Robert Greene, 18, a student of York Junior College, handcuffed around a sign, and without his trousers.

The local students removed Greene from the sign and provided him with clothes, but were unable to remove the handcuffs. Police also tried and failing to open the cuffs, took Greene to the county jail where it was hoped some handcuff key might be found to open the manacles. Failing in that, Ivan Breighner was secured to cut the handcuffs off with a bolt cutter.

A corporal from the York radar patrol dropped in to the jail during the period when work was being done on the handcuffs and took Greene to York with a note for the dean of men there from the local police.

## FLAG WILL BE PRESENTED TO "REC" BOARD

Gettysburg's Recreation Board will receive a flag for the pole in Recreation Field Wednesday afternoon at 4:30 o'clock.

Mrs. Janet Wickerham, secretary of the recreation board, reported at its meeting Monday evening in its office in the Junior high school that a Girl Scout unit had conducted a flag ceremony at the Recreation Field and found the flag on the pole there in bad shape. As a result an organization with which Mrs. Clark Staley is connected, through the Girl Scouts, will present a new flag to the recreation board.

The flag will be the first the Recreation Board has owned. Discussion indicated that the flag found by the Girl Scouts on the pole must have belonged to one of the baseball leagues. The board voted to have the maintenance men at the Recreation Field put the flag up each morning and take it down each evening during the summer season.

### REPORTS ON ACTIVITIES

Reports of Recreation Director Ray Thompson showed there are now four teams in the Fifth Grade Touch Football League and five teams in the Sixth Grade touch football program. Eighty-

Altice, 37, Aspers, who was arrested and jailed Sunday morning on charges of operating a car while his operating license was suspended and operating under the influence of intoxicating liquor, entered guilty pleas to both charges Monday evening when he appeared before Justice of the Peace John Whitman, Cumberland Twp.

The justice held Altice for court under \$1,000 bond.

On a disorderly conduct charge, he drew another \$25 fine. In default of payment of both fines, he was sent to jail for 30 days.

## LIONS HONOR GHS SENIOR; HEAR TALK

Gettysburg Lions at their weekly dinner meeting Monday evening honored their first "senior of the month" for scholastic attainments, saw a film on the Federal Reserve System and heard a talk opposing approval of Project 70 at the polls in November.

President Sterling Musselman presided at the meeting at the Varsity Diner with 15 Lions and guests in attendance.

Gary Hartman, son of Attorney and Mrs. Eugene R. Hartman, was presented with a certificate of achievement by Charles E. Tressler, a member of the Lions Club and principal of the Gettysburg Senior High School where Hartman is a member of the graduating class.

### FILM ON FEDERAL RESERVE

Young Hartman, whose father is a member of the Lions Club, is an honor student at the school. Mr. Tressler said, as he read the youth's record which included athletics, dramatics, service on the school student council and newspaper and a letter of commendation in the National Merit Scholarship competition.

The sound and color film on "Money at Work" explaining the purpose and functions of the Federal Reserve System was presented by J. Bruce Maclay, vice president and cashier of the Gettysburg National Bank. Operations at nine of the 12 reserve banks were shown in the system intended to "keep the nation's finances healthy."

Charles "Jim" Lott, Highland Twp. farmer, director of the Adams County Farmers' Association and a director of the county soil conservation district, spoke on "the other side" of the Project 70 proposal. Last week the Lions were told they should support the project.

### ALREADY 157 PARKS

State police reported to borough police Monday afternoon that two youths, aged 15 and 13, who had fled from Hoffman Home, Littlestown R. D., had been apprehended in Maryland and had admitted taking two bicycles from Gettysburg High School October 14.

According to the borough police blotter, the bicycles were owned by E. W. Williams, 106 Howard Ave., and Mrs. Howard Shoemaker, 43 E. Broadway. The youths, according to the local police report, told Maryland authorities they had abandoned the bicycles in Maryland but the two vehicles had not as yet been located. ## SAYS MEXICO AND U.S. HAVE NO ISM FEARS

Mexico and the United States are two countries that need not worry about any foreign isms. "We have democracy which is far better than any of the isms," Eugenio de Anzorena, charge d'affaires of the Mexican Embassy in Washington, told the Kiwanis Club at its dinner honoring Mexico Monday evening in the Hotel Gettysburg.

He said Mexico, the United States and Canada are "linked together by geography and common belief in democracy; we North Americans must stick together."

Telling of the accomplishments of Mexico in rising from "a nation that couldn't be called under-developed because it wasn't developed at all to its present status, as a nation that is going places," de Anzorena concluded his talk with this advice to "my fellow North Americans in the United States — you are a great people. Don't let any foreigner knock your accomplishments, don't let them say you don't have any culture. It is time foreigners told you that you are pretty darn good. You've got something better than any country on any other hemisphere. Long live the United States."

### "TALK FROM HEART"

De Anzorena explained that he was speaking Monday night instead of Ambassador Antonio Carrillo Flores because the latter was called to Mexico City "so I am in charge of the embassy. I did not bring any prepared speech. I want to talk from my heart if I brought a written out speech I might just as well have mailed it to all of you."

"Mexico is proud that it does not take any money from your taxpayers. This is good news. It is developing rapidly, by itself."

"We are a proud people. We were a conquered nation for 300 years so we do not want to be dominated again. We want to be partners with people and business, but we do not want again to be dominated."

"You were fortunate in that you began to a large extent as a free people. We were enslaved by the Spanish. The only thing that saved our people were the friars who came with the Cross to bring Christianity to us. They could not prevent the enslavement, but they could give the people Christianity and hope. We have no monuments in Mexico to Cortez or any of the other conquerors, but we do have monuments to the friars who brought Christianity."

"Our people had a great civilization by the 15th century. The Mayans were further advanced than the Spanish in astronomy. The largest pyramid in the (Continued On Page 3)

## Tiny Snake Given To HS Laboratory

The biology laboratory at the Gettysburg High School added an adult ring-neck snake to its collection Monday afternoon. The snake was found by James Black, R. 4, at his home near here, brought to The Gettysburg Times office where a biologist from Gettysburg College identified it.

The snake, full grown but measuring only five or six inches long and about half as thick as a lead pencil, was described as "not rare" but not commonly seen because it is so small. The high school biology teacher, Mrs. Pamela Kistler, said she would be glad to add the live snake to the collection there and it was taken to the school Monday afternoon.

The snake is jet black except for a bright yellow ring just back of its head which gives it its name.

TISBURY, England (AP) — Britain's new pride of the skies, the One-Eleven short-range jet airliner, crashed in flames on a test flight near this small southwestern England town today. Seven pilots and observers aboard died in the wreckage.

Several American air carriers have ordered 31 of the new planes which are scheduled to begin passenger flights in Britain late next summer.

The plane was designed to fly at 550 miles an hour over distances from 100 to 1,000 miles with accommodation for up to 74 passengers.

A spokesman at British Airways said the plane was the prototype of the one with which Britain hoped to capture the world's short-range jet market.

Pointing out that donations to the "Trick or Treat" effort will go to help needy children around the world, Mrs. Shoemaker said a penny will mean five glasses of milk for a hungry child somewhere, a nickel will provide vaccine to protect five children from tuberculosis and 25 cents will furnish 125 vitamin tablets for undernourished children in deprived areas. The UNICEF funds also are used to equip health centers, clinics and maternity hospitals and provide equipment and funds to train child health and welfare workers, nutrition experts and teachers to help millions of mothers and children in 100 countries.

## TWO JAILED FOR KNIFING OF MIGRANT

Two men were placed in the Adams County jail Monday evening at 8:15 o'clock charged with aggravated assault and battery in connection with the razor slashing of a third migrant laborer.

State police, who brought the charges against Prentiss Davis, 39, and Harry W. Porter, 49, both of Orrtanna R. 1, accused them of cutting David Curry, also of Orrtanna R. 1.

Curry, according to police, was cut Sunday morning at 3 o'clock at the labor camp of Dwight Strausbaugh Jr. in Hamilton Twp. with a straight razor. A total of 57 stitches was required to close his wounds which police said were over his back, neck and side. He was treated at the Warner Hospital.

### ONE HELD, ONE CUT

Pending continued investigation, it is believed that Davis did the cutting while Porter held Curry. Police gave no immediate details concerning the cutting, pending further questioning of other occupants of the camp.

The charges were placed before Justice Snyder, but, in his absence at a magistrates' meeting in York, Justice of the Peace John Whitman made the commitment for Justice Snyder and fixed bail at \$1,000 each.

Justice Snyder said he did not know how soon the hearing will be held in the case. All three of the men were reported to be Negroes.

## ROTARY PLANS 'COPTER RIDES FOR CHARITY

Plans for a "Wings for Charity" campaign and participation in the international "Club-to-Club" program of Rotary were outlined Monday evening at the meeting of Rotary at the YWCA.

A letter was read from District Governor W. Allen Hammond listing the Gettysburg, Littlestown and Hanover clubs as "paired" with the Rotary Club in Kiryu, Japan, as part of the international "Club-to-Club" program. The three local clubs will write letters of greeting and best wishes to the president and secretary of the Kiryu club as the start of the project and in return will receive replies from that club. The four clubs will work out a joint project in international understanding or activities.

President Rev. Robert A. MacAskill outlined a "Wings for Charity" project proposed by Dr. Carroll Voss. Under the program the Rotary Club will sell tickets for helicopter flights over the battlefield on November 16 and 17. All proceeds from the ticket sales go to the Rotary charity fund.

Further plans were made for the Rotary float to be entered in the Halloween parade.

Prof. and Mrs. Emile Schmidt, of Gettysburg College, presented a program of readings from Tennessee Williams and Robert Frost.

## COUNTY CHILD WELFARE BD. PLANS XMAS

The advisory board of the Adams County Child Welfare Services Monday evening began its Christmas plans for the youngsters under its care.

At a meeting of the board in the Child Welfare office in the Topper building members took lists of names for various organizations and individuals who for some years have been supplying Christmas gifts for certain numbers of youngsters. In addition, the board said, any organization not now giving gifts to the youngsters, which might wish the name of a child to whom Christmas gifts can be given, should contact the Child Welfare office.

At the present time, according to the report of the Child Welfare director, Miss Dorothy Curtis, there are 99 children from 50 families on the child welfare rolls. The number is a decline of three from last month. Seventy-one of the children are under direct supervision and 28 under indirect supervision.

### DISCUSS NEW PROPOSALS

### SELLING SPREE

NEW YORK (AP) — Steels were sharp losers as a selling squall struck the stock market today. Many issues recovered above their lows early this afternoon. Trading was heavy.

News of federal grand jury subpoenas to major steel companies led to fears that the government might try to roll back steel prices as they did in the spring of 1962, brokers said.

First-hour volume swelled to 1.92 million shares which the New York Stock Exchange said was the biggest since Oct. 19, 1937, when 2.2 million shares were traded in the first hour.

The surest way to happiness . . . is through the art of giving . . . for only when we share can we . . . get the most from living . . . we must forget ourselves if we . . . are to find happiness . . . those who just think of themselves . . . will feel pains of distress . . . mankind is well aware of this . . . and, yet, somehow it seems . . . we are voyagers upon . . . very selfish streams . . . seldom ever finding . . . a truly peaceful port . . . some people give but only . . . as a last resort . . . so we must all remember . . . to give without regret . . . only if we give can we . . . ever hope to get.

## NEW YORKERS WRITE THANKS

The Clarkson-Hamil-Sweden Civil War Centennial Commission of Brockport, N. Y., has sent their appreciation to Curvin H. Hess and the Gettysburg Travel Council for "the excellent program your group provided in connection with the Living History Pageant September 21 and 22."

"The 13th New York Volunteers (reactivated) Regiment, sponsored by the three-county Civil War Centennial Commission, took part in the events," according to the letter to Hess from the group.

"There was a slight misunderstanding by our group regarding meals which we regret, but thanks to the ingenuity of our group and the three ladies who accompanied us, we got by very well on Sunday. The bounteous spread at Hickory Bridge Farm on Saturday night which you provided was most welcome. Mrs. Scott was most gracious in offering to supply us additional provisions but it was not necessary for us to accept her generous offer.

"Gettysburg and the Travel Council especially should express thanks to Lewis H. Crouch, proprietor of the Atlantic service station near the bivouac area, who with his wife and brothers was most considerate to all the visiting contingents. They not only made available their facilities but provided coffee gratis to any and every visitor identified with the project. We intend to express our own thanks to them directly."

## County Farmers Offered Seedlings

Farmers of Adams County are reminded that now is a good time to plan for tree planting to be done in the spring of 1964. As in past years, The Glatfelter Pulp Wood Company, Spring Grove, will again furnish tree seedlings free of charge to interested and qualified landowners. Since the inception in 1951 of this company program, more than seven and one-half million seedlings have been furnished to landowners in 13 South Central Pennsylvania counties.

Tree seedling species available this year under this program are white pine, Austrian pine, Banks pine, pitch pine, Norway spruce, white spruce, Japanese & European larch and Virginia pine. Orders are filled on a first-come first-served basis so it is important to get orders in early. All trees are purchased by The Glatfelter Company from the Pennsylvania Department of Forests and Waters.

The company imposes no restrictions of any kind but landowners planting these seedlings must comply with normal state regulations regarding these trees. That is, they may not be used for Christmas trees, decorative or ornamental uses or for windbreaks. All trees are the property of the landowner and he may cut them at a future date for any wood product that he desires.

Landowners in this county who would like to plant trees in 1964 and wish to receive these free tree seedlings should stop in at the county agricultural office at 111 Baltimore St. to obtain information on placing the order.

## MEADE PLAQUE IS DEDICATED

A plaque, marking the spot where General George G. Meade, in the week preceding the Battle of Gettysburg was dedicated near Taneytown Sunday.

In the program arranged by Federation of Republican Women of Taneytown, the Rev. Howard Miller, Trinity Lutheran Church, Taneytown, delivered the invocation, after which the Taneytown High School band played a medley of Civil War tunes.

Neal Powell, master of ceremonies, introduced Charles Fisher, Westminster attorney and chairman of the Civil War Commission of Carroll County, who related the historical background and significance of the marker. Then followed the presentation by the Maryland Historical Society of the plaque to Mayor Raymond Perry.

### ON PIPE CREEK LINE

The 100-year-old blanket veiling the plaque was removed by Richard and Robert Rindollar, twin descendants of the minister of Trinity Lutheran Church at the time when Meade's men used the church tower to send signals to Gettysburg.

The site of Meade's encampment was the old Shunk farm,

## Out Of The Past

From the Files of the  
Star and Sentinel and  
The Gettysburg Times  
FIFTY YEARS AGO

Fr. Stock Officials: Father Mark E. Stock, Carlisle, son of Mr. and Mrs. George E. Stock, Baltimore street, officiated this morning at the wedding of the world's greatest athlete, James Thorpe, the hero of many grid-iron, diamond, track and field contests, who married Miss Margaret Miller, a Cherokee Indian maiden from Oklahoma, Thorpe's native state. Thorpe himself is a Sac-Fox and was born near Prague, Okla. The conclusion of the world's series Saturday enabled Thorpe to get to Carlisle Sunday and advance the date of his wedding one day. The ceremony was held in St. Patrick's Roman Catholic Church, Carlisle, of which both the bride and bridegroom are members, and the officiating priest was Father Mark Stock, a warm friend of the groom. The bridegroom was attended by as fine a coterie of young Indian men as could be found in America. His best man was Captain Gus Welch, of this year's Indian football eleven. The ushers appeared in military uniform of the Carlisle School and were Edward Thorpe, a brother; Joseph Guyon, William Hodge, Peter Calac, August Looks-around, John Gokee, Philip Welmas, Charles Pratt and Edward Morrin. The couple will leave Carlisle late today for New York city where on Thursday they will join the Giants who are about to tour the world.

Eddie Plank's Fourth: Officially the 1913 world's series is at an end. The curtain was rung down when John E. Bruce, secretary of the National Commission, handed checks to the members of the world's champion Athletics who appeared. The checks were for \$24,349.44 each and there were 25 of them. This was the fourth world's series check that Eddie Plank has received as a member of the Athletics; the fourth that Ira Thomas has received, three of them with the Athletics and one with Detroit.

Dr. Goldsborough Dies: Dr. Charles E. Goldsborough, one of Adams County's most generally known residents, died Saturday morning at his residence at Hunterstown after an illness of three weeks, aged 78 years, 10 months and 2 days. He suffered from a form of indigestion but was confined to bed for only the past six days. Dr. Goldsborough has for many years been recognized as one of the county's best informed men. He was a descendant of distinguished ancestry. His paternal ancestors were seated at Goldsborough Hall, Yorkshire, England, on several acres of land granted to the head of the family by William the Conqueror. Robert Goldsborough, the great grandfather, though educated at Middle Temple in London, headed the Maryland Delegation in the First and Second Continental Congresses that met in Carpenter's Hall, Philadelphia, in 1774-75. He voted for the Declaration of Independence July 4, 1776, but as the declaration was ordered to be engrossed and was not signed until August 2 following, a sickness that soon proved fatal prevented his being present at that time and it was signed for him by his successor, Charles Carroll. Dr. Goldsborough was born at Graceland, Md., the son of Leander W. and Sarah Dunkin Goldsborough. After crossing the plains with an ox team during the emigration to California in 1853 he returned via Cape Horn the following year and commenced the practice of medicine in Hunterstown in 1855. On March 4, 1857, he married Miss Mary McC. Neely. She died three years later, leaving a daughter who later became Mrs. James F. Bell and is now living at Hunterstown. Soon after the Battle of Ball's Bluff he entered the United States Army at Frederick and served with

## YOUR HIDDEN ASSETS

Every human being has more assets hidden than he ever reveals — strange as this statement may sound. We travel throughout life using but the merest fraction of our abilities. This is one of the reasons for so much unemployment.

Thousands of employers are praying for men and women with the very abilities that many of these unemployed possess, but who don't take the trouble to uncover their hidden assets and tell the right employers about them.

Every important organization always has vacancies — not those usually held by mere routine clerks, but vacancies that call for unusual finds distinctly creative.

I recall reading in a popular magazine the opening chapters in the life of the founder of the Woolworth five and dime stores. Woolworth's first employer doubted his ability. Later he lost his services — but I can imagine how he might have wished that he had only known about the hidden assets within the brain and character of that crude country boy who rose to become master of millions.

One of the reasons why grave and stressful times produce outstanding men, of whom, no one ever heard, is that during such times many a man digs into his reserves, and discovers there the assets with which he was born — unknowingly.

People are not half so interested in what you have done in the past as in what you think and know that you can do in the future. In other words, what is it that you have been keeping from yourself? We should all self-examine ourselves to learn about how and where we are losing out, how it happens that we are not so happy as we might be, why it is that less capable ones pass us in results.

Be a mental miner. Start digging for those hidden assets of yours. Undoubtedly more awaits you ahead — times over — than follows you from behind.

## Just Folks

THE MAN OF TOMORROW  
There'll be a strong man tomorrow  
Fighting out there,  
Stormed at by sorrow,  
Attacked by despair,  
Betrayed by the traitors,  
Maligned by the haters.  
Abused by the greedy,  
But loved by the needy  
And cheered by the fair.

There'll be a strong man tomorrow  
Fighting out there,  
Pleading to borrow  
What few men will spare;  
Belittled and doubted  
And openly flouted,  
But still for the new thing  
And still for the true thing  
He'll venture and dare.

The man now unheard of  
Will fight his way through,  
Today there's no word of  
The deeds he will do.  
But someone is nearing  
Who'll set us to cheering.  
So don't be down-hearted  
You youngster, just started,  
That man may be you!

He was captured at the Battle of Winchester, June 15, 1863, by his brother, William, who was serving as Major of the Second Maryland Infantry, C.S.A., and sent to Libby Prison where he was confined until the November following. Dr. Goldsborough was wounded in the siege of Petersburg July 1864, and being unfit to continue in the service on account of sickness contracted in the line of duty he was assigned to Lincoln Hospital at Washington until August, 1865, when he returned to Hunterstown, resumed his practice of general medicine and engaged extensively in farming. November 14, 1866, he married Miss Alice E. McCreery, who survives with the following children: Miss Alice Lenore Goldsborough and Miss Frances Goldsborough, New York City; Mrs. Neva Gibson, Philadelphia; Miss Jennie Goldsborough, Philadelphia, and Miss Katharine E. Farmers' Day Big Success: Two things were accomplished by Gettysburg's second annual Farmers' Day, the one the renewing of acquaintances among the people of the county; the other the arousing of a healthy rivalry among farmers and housewives, stimulating them to extra endeavor. Merchants and others say that, in spite of the rainy weather conditions, this year's Farmers' Day brought hundreds more people to town than the original event in 1912. The races in the

## STATE GRANGE WILL OPPOSE "PROJECT 70"

ERIE, Pa. (AP)—The Pennsylvania State Grange opens its annual convention today amid clear cut indications that the farm group will go on record against Project 70 and broad constitutional revision.

Introduction of resolutions was scheduled for the afternoon.

In a pre-convention session Monday, John W. Scott, grange master, told newsmen delegates would support resolutions condemning the two proposals.

## VIEWS EMPHATIC

Scott's sentiments were echoed by Milton W. DeLancey, secretary of the Pennsylvania State Association of Township Supervisors, in a pre-convention address to delegates.

DeLancey was emphatic in his denunciation of the proposal to overhaul the constitution. "I oppose the re-writing of the constitution and I want it understood that I oppose it viciously," he declared.

DeLancey said he is greatly disturbed over the amount of power that has been taken away from the people and placed in the hands of the state and federal governments.

## QUOTES SCHAPP

He criticized the stand of Milton J. Shapp, vice chairman of the "Vote Yes Committee," which is pushing for constitutional revision. DeLancey quoted Shapp as saying that local governments are wasteful and should be eliminated and replaced by regional, state and possibly federal governmental units.

Project 70 is a proposal to construct and redevelop state parks on a large scale.

The question of whether a constitutional convention will be called will be decided by Pennsylvanians in the Nov. 5 election.

The freak premium offers aroused much interest and the babies were entered in large numbers for the various rewards that were given. In every way the day was a thorough success and renewed the suggestion made last year that the town should have more than a one-day event out of Farmers' Day and that, with races and other attractions, a small fair would be a paying proposition.

## Net Income Off At Westinghouse

PITTSBURGH (AP)—Net income of the Westinghouse Electric Corp. for the first nine months of 1963 totaled \$39,588,000, or \$1.07 a common share of stock, on sales of \$1,555,602,000.

This compared with an income of \$40,129,000, or \$1.09 a share, on sales of \$1,427,749,000 for the comparable period in 1962.

In reporting the 1963 figures Monday, Westinghouse attributed the decline in earnings to losses in the electric utility and marine group resulting from severely depressed prices at which utility orders were booked the past two years.

## pick anti-income-tax delegates.

Speaking to the Republican Women of Pennsylvania Monday the governor said, "What must be done to stop the imposition of such a tax (a graduated income levy) is to elect constitutional convention delegates who are against it."

He added: "Then we could put a ban against its enactment. Then we could wipe out the bugaboo that a constitutional convention means an income tax."

The governor said the present constitution does not specifically bar a graduated income tax.

He said such a tax has been banned in the commonwealth only because the state supreme court ruled it unconstitutional on the grounds it violates the section on uniformity of taxes.

Scranton said a change in the political complexion of the court might change that decision.

## PLANNING FOR LIVING ROSARY

A second planning meeting for the candlelight procession and living rosary, to be held on Sunday, November 17, at 6 p.m. in the National Cemetery in Gettysburg, sponsored by the Conewago Deanery Council of Catholic Women, took place on Monday evening in St. Francis Xavier Parish Hall, Gettysburg. Youth and spiritual development chairmen of the 15 parishes which comprise the deanery are serving on the general committee for arrangements. Girl Scouts from the various parishes in Cadette uniforms will participate in the living rosary and will serve as flag bearers and color guards. All of the Cadette Girl Scouts with uniforms, from the parishes are asked to report at 2 p.m. on Sunday, Nov. 3, for rehearsal. They will meet at the National Museum in Gettysburg, or in case of rain at St. Francis Xavier Church. The affair will also be held at the church, in case of rain on Nov. 17.

The Rev. Joseph Kealy, pastor of St. Francis Xavier Church and Mrs. James Sneeringer, vice president of the Conewago Deanery Council, are co-chairmen in charge of this event, which is being held in commemoration of the 100th anniversary of Lincoln's Gettysburg Address. It is planned to have the living rosary participants lead the procession, with the women from all the parishes of the deanery to follow with candles. There will be a brief talk, and there will also be benediction of the Blessed Sacrament with an altar shrine at the speaker's rostrum in the National Cemetery. Father Kealy reported that permission has been obtained for the rehearsal and for the procession from the National Park Service.

State police will be on hand to direct traffic assisted by Gettysburg fire police. Invitations will be extended to public officials in the communities of the deanery and to the clergy and women of

## QUESTION RULE ON DEPORTATION

LONDON (AP)—A hearing is being held to determine whether Sir John Hobson, Britain's attorney general, violated professional ethics in the deportation case of an African chief.

It is believed to be the first such arraignment of an attorney general, Britain's chief legal officer.

The chief, Anthony Enahoro, was returned to Nigeria last May and sentenced to 15 years in prison for treason.

The masters of the bench of the Inner Temple, one of four British Inns of Court responsible for maintaining the ethics of the legal profession, opened a private hearing Monday on charges by Reginald Paget, Labor member of Parliament, that Hobson presented an inaccurate and misleading affidavit in the case.

DUNLOON, Scotland (AP)—The commander of the U.S. Polaris submarine base in Holy Loch says his men aren't entirely to blame for any increase in local immorality.

Capt. David Bell said the behavior of U.S. sailors is no worse than that of British sailors in the area.

The Rev. Allan MacLeod told his Presbyterian congregation Sunday there had been an increase of immorality since the Americans arrived. Bell said he resented "the reverend for blaming my men for all this trouble."

He said the Dunoon Town Council had contributed to the situation by not providing recreational facilities for the men.

## LOST RADIUM IS LOCATED

PITTSBURGH (AP)—Pittsburgh's radium search is over. Police said Monday the last piece of radium that had been missing from Shadyside Hospital was found in a trash can on a street corner in the city's East Liberty section.

Ast. Police Supt. Lawrence J. Maloney said the deadly radioactive metal was taken from the hospital by a nonprofessional employee who didn't realize what the material was.

Eight capsules containing 100 milligrams of radium were discovered missing Thursday. Maloney said all was recovered as the result of telephone calls from the unidentified employee. Most of it was found Friday in an outdoor telephone booth and more was found in an East Liberty store Saturday.

No charges will be filed against the employee, police said, because he voluntarily came forward with information. Doctors said the man was in no danger of sickness or possible death from exposure to the radium.

## ALCOA REPORTS

## JURGENSEN IS INJURED; HILL TO FACE BEARS

PHILADELPHIA (AP)—Quarterback Sonny Jurgensen won't be around for a while—so Coach Nick Skorich of the Philadelphia Eagles is mapping plans to feature King Hill as his team's main offensive weapon in Sunday's National Football League battle with the Chicago Bears.

Skorich says a plan designed to "capitalize on the things Hill does best" is being drawn up. No. 1 quarterback Jurgensen was injured in last Sunday's 37-7 loss to the Cleveland Browns.

Jurgensen may be out two or three weeks because of a chip fracture of a shoulder bone and jammed muscles. Dr. James Nixon, team physician, says Jurgensen's muscles are "pushed together like a jammed finger."

### RUNNING ATTACK

"His playing would be next to an impossibility, but he could, just possibly, be ready the following week," Skorich said Monday.

The King Hill plan of attack may mean the Eagles will have to rely on a running attack, as compared to Jurgensen's long-bomb aerials.

The second string quarterback, with a 57.8 completion record, has been plagued by interceptions.

"Hill led us to victory over Dallas and he has had many good games in his career," says Skorich. "There's no reason to assume that he will not have others."

### CONSTANT PAIN

Hill should have fleet-footed Tommy MacDermid as one of his operating targets. The star flanker was limited by a slight separation of his right shoulder at Cleveland but is expected to play.

Jurgensen says he is in "constant pain" after suffering his second serious injury. His right wrist and thumb were strained Sept. 29 against the New York Giants. That injury forced him to sit out the Dallas game.

Skorich looks for Hill to fill Jurgensen's shoes, although he warns that the Bears "will be rebounding from an unexpected loss." The Bears were upset Sunday by the San Francisco 49ers 20-14.

"They may have been a little complacent," Skorich says. "I assumed they were looking ahead to what they figured were tougher games."

## Musial, Palmer In Hall Of Fame

PHILADELPHIA (AP)—Baseball player Stan Musial, originally from Donora, Pa., and golfer Arnold Palmer of Latrobe, Pa., are the first members named to Pennsylvania's new Sports Hall of Fame.

Musial and Palmer will be honored Dec. 8 at a dinner.

Six other living sports figures with Pennsylvania ties also will be elected to the hall.

Voting members also will name two deceased sports figures before the dinner.

### SETS SPEED RECORD

BONNEVILLE SALT FLATS, Utah (AP)—Mrs. Barbara Nieland of Whittier, Calif., and Vince Granatelli of Los Angeles drove a stock production car 1,000 kilometers at an average speed of 135.29 miles per hour Monday for an international speed record.

## MIKITA TOPS ICE SCORERS

MONTREAL (AP)—Chicago's Stan Mikita, the leading stick-breaker in the National Hockey League, also is the No. 1 scorer.

League statistics released today show the Czechoslovakian-born Mikita leading the scoring race with 10 points on six goals and four assists.

The best anyone can do is estimate how many sticks he breaks. The figure is about 240 a season, about twice as many as most regulars in the league. It costs the Black Hawks in the neighborhood of \$700 a year.

It's worth it. With Mikita centering Chicago's Scooter Line, all three members are among the top five in scoring. Ken Wharram is in the No. 2 spot with nine points on two goals and seven assists while Ab McDonald is tied for fifth with six points.

## M'HAN PILOTED TOP UPSET OF PRO GRIDIRON

By MIKE RATHET Associated Press Sports Writer NEW YORK (AP)—Hanging out the pro football wash—and save a couple of clothespins for the uniforms of Lamar McHan and Roman Gabriel, two guys who usually don't have much of a cleaning problem.

McHan, making his first start for San Francisco, engineered the top upset of the National Football League season, a 20-14 victory over previously unbeaten Chicago. Gabriel, going all the way for the first time, led Los Angeles to a 27-24 triumph over Minnesota.

It was the first victory for both the 49ers and Rams, and each quarterback got some valuable assistance.

McHan got his from end Gary Knefel. Both were former teammates on the Green Bay Packers.

They got a chance to start because of injuries to quarterback John Brodie and end Monte Sticks—and wound up clicking on a seven-yard touchdown pass that turned out to be the clincher against the Bears.

Gabriel got his assistance from Don Heinrich, Ram assistant coach who used a system of rotating guards a la Paul Brown to send in many of the plays.

The whole thing wound up in an argument in the dressing room.

Don Chuy and Joe Seibelli, the guards, each insisted he brought in the better plays.

They were both laughing.

It's been a long time since the Rams laughed. They had an eight-game losing streak and a non-winning string of 14.

The 49ers had lost seven in a row. The Cleveland Browns have a streak going in the opposite direction. This is the first time in a decade they have started out with six straight victories.

### TO BUILD LAB

HARRISBURG (AP)—Bids will be received Nov. 20 for construction of a clinical and bacteriological laboratory at the Samuel G. Dixon state hospital in Franklin County, the General State Authority said Monday.

The GSA has allocated \$110,000 for the lab, to be built in the ground floor of the main hospital building.

The Gettysburg High School junior varsity football team scored in every period to hand Biglerville its first loss 32-13 here Monday afternoon. It was the Warriors' third straight win after one loss and marked the first loss after three victories for the Cannons.

In the opening period Gettysburg scored twice, Perdue going over from the two and Keefer intercepting a pass and racing 30 yards.

Kit Richardson added the next three touchdowns, one in each of the remaining quarters. His first TL in the second quarter came on a run of 77 yards, his second a two-yard drive and the final a 20-yard scamper.

Biglerville tallied its first touchdown in the second stanza on a 40-yard pass play from Dennis to D. Hartman. In the final quarter Pitzer carried over from the six-yard line.

Next Monday Gettysburg will play at South Western while Biglerville will be at Littlestown.

## Arnold Still Top Man In Earnings

DUNEDIN, Fla. (AP)—Jack Nicklaus won the Sahara Invitational last week for his fifth PGA tournament victory of the year but still trails Arnold Palmer in total winnings by more than \$29,000.

Official standings in PGA tournaments only, showed today that Palmer is far ahead in official winnings with \$128,230. He won seven of the 20 tournaments in which he competed.

Nicklaus won five of 24 tournaments and Julius Boros three of the 26 in which he competed to be third in total winnings with \$77,356.

## EQUESTRIAN TEAM OF U.S. IS STRONGER

By DAVE LEHERR HARRISBURG, Pa. (AP)—Prospects of the U.S. equestrian team winning its first Olympic gold medal next year in jumping competition look stronger than ever, says Coach Bertalan Denemethy.

The veteran horseman, who came here from Denmark in 1952, is convinced the U.S. has picked up invaluable experience and knowledge in the past five or six years.

"For one thing, we placed fifth in the 1956 Olympics at Stockholm, but won the silver medal in 1960 at Rome, second only to Germany," he noted in an interview.

### GETTING STRONGER

He also pointed to the U.S. victory in the 1963 Pan-American Games at San Paulo, Brazil, an event in which 19-year-old Mary Mairs of Pasadena, Calif., became the first girl ever to win the individual gold medal.

"These are all indications that the American jumping team is becoming stronger every year," Denemethy said.

Denemethy and the U.S. team are in Harrisburg for the week-long Pennsylvania National Horse Show, the first of a four city circuit that will take them to Washington, New York and Toronto.

### 4 GOING TO TOKYO

Two of the current team members—Billy Steinkraus of Noroton, Conn., and Frank Chapot of Wallpack, N.J.—already have Olympic experience.

Steinkraus rode in 1952, 1956 and 1960, while Chapot competed in the '56 and '60 games.

The U.S. plans to send four riders, and four horses to the 1964 Olympics at Tokyo next October.

Denemethy feels Germany and Italy will be the European teams to beat. Argentina, America's closest competitor in the Pan-AM games, and Ireland also are ranked high among the world's equestrian teams.

### IRISH TAKE MARGIN

The Irish surprised everyone in the first two events of the Penn Nationals, taking the lead in team standings on the strength of the expert riding of Billy Ringrose.

Capt. Ringrose cleared 40 straight jumps without a knockdown to take over the individual leadership and give the Irish an 18-10 margin over the U.S.

The Irish, Canada and Argentina finished in a dead heat Monday night in the intricate five-bar event, featuring five hurdles in a straight line down the middle of the farm show arena here.

Ringrose, Capt. Juan M. Romero Blanes of Argentina and Moffat Dunlap of Canada completed four rounds without a knockdown to outlast the other nine competitors.

## BOLT SCRUBS COP INITIAL GRID VERDICT

Littlestown junior varsity football squad registered its first victory after four losses by downing Kennard-Dale 12-6 Monday at Fawn Grove.

Coach Dale Hamm's Bolts tallied touchdowns in each of the two middle quarters. The first came in the second quarter when a 50-yard-drive was climaxed by Ray Dutterer going over from the two. A kick for the point failed.

After recovering a Kennard-Dale fumble on the K-D 30, Littlestown moved for its second score in the third frame. Tom Fox racing over on a rollout from the 10. The kick for the point was blocked.

Late in the final period Kennard-Dale scored a 40-yard pass from Ross Lowe to Ed Torbert putting the ball on the one from where Phil Hoffman plunged in to hit pay dirt.

Next Monday evening at 8:00 Littlestown will meet Biglerville at Littlestown.

## LONGHORNS HOLDING TOP SPOT IN POLL

By THE ASSOCIATED PRESS The Texas Longhorns, who kept Arkansas from breaking up their marriage to the No. 1 spot in college football, are out to make sure that Rice won't interfere with an extended honeymoon.

The Longhorns were voted the top major college team in the country for the second straight week Monday in The Associated Press weekly poll of a panel of sports writer and broadcasters. Texas drew first-place votes on 50 of the 53 ballots.

The Longhorns completely outdistanced second-ranked Wisconsin in the voting despite a 17-13 squeaker over the Porkers from Arkansas. The Badgers, 1-7 winners over Iowa, drew the other three votes for the top spot. Texas wound up with 527 points, Wisconsin 470.

Pittsburgh was third in the voting, Illinois fourth and Mississippi fifth, followed by Alabama, Oklahoma, Auburn, Northwestern and Navy. Ohio State, fourth a week ago, dropped out of the Top Ten after a 32-3 loss to Southern California and Georgia Tech, eighth last week, went out after a 29-26 loss to Auburn.

The Longhorns will be facing a tough assignment this Saturday night in the Rice Owls, who tied Texas 14-14 last year at this same stage of the season. That knocked the Longhorns from the No. 1 position they also held at this time last year.

The other members of the elite—with the exception of idle Auburn—also may be in for stiff competition this week on a program headlined by the meeting between Pitt's third-ranked Panthers and Navy's 10th-rated Middies.

## KNICKS SELL GUERIN, BUY LEN CHAPPELL

By THE ASSOCIATED PRESS Richie Guerin now knows how Steve Hamilton felt when he was traded by the Washington Senators to the perennial champion New York Yankees.

The 31-year-old backcourt player, top sharpshooter in the history of the New York Knicks, was dealt to the St. Louis Hawks Sunday for a reported \$50,000 and a second round draft choice in 1964.

While the Knicks usually bring up the rear of the National Basketball Association's Eastern Division, the Hawks generally get into the pro league's playoff playoffs.

### ACQUIRE CHAPPELL

The Knicks, still in last place, announced the sale of Guerin and the acquisition of Len Chappell, a 22-year-old, 6-foot-8 forward-center, for an undisclosed amount of cash from the Philadelphia 76ers Sunday.

The Knicks are on a youth kick in an effort to stir themselves out of the cellar.

In St. Louis, Hawks owner Ben Kerner said the \$50,000 price for Guerin may be the largest sum ever paid for a player in the NBA's history.

It gives the Hawks an additional playmaker and a stellar shotmaker who has a 20.1 points per game average for his seven years in the pros. Guerin, a 6-foot-4 New York native, was voted to six NBA East-West All-Star games and to the 1962 All-League team.

## INJURIES HIT FIRST STRING PASS TOSSERS

By JACK HAND Quarterback Bart Starr's injury thrusts a back-breaking burden on John Roach, a 30-year-old bench warmer in Green Bay's bid for a third straight National Football League title.

Roach, who has completed only two of seven passes as a stand-in for Starr and has had three intercepted, joins King Hill and Lamar McHan as former Chicago—now St. Louis—Cardinals who suddenly have become No. 1 quarterbacks.

Hill moved into the front row at Philadelphia after Sonny Jurgensen suffered a right shoulder injury in Sunday's game with Cleveland. McHan, cut loose by the Baltimore Colts, finally decided to join the San Francisco 49ers and passed them to their first victory of the season Sunday, an upset over the Chicago Bears. He replaced the injured John Brodie.

Starr suffered a broken right hand in the Packers' 30-7 victory over the Cardinals. He was injured in the third period when he ran with the ball and was bounced out of bounds by the Cards' Jimmy Hill.

A fist-swinging incident followed and Hill was put out of the game. The injury to Starr's hand reportedly occurred when he hit the ground before the fight. Hill claimed Starr had kicked him while both were on the ground.

With Starr out for possibly six weeks, Coach Vince Lombardi found himself with only Roach, a 6-foot-4 former Southern Methodist ace, as his lone quarterback. Roach had been drafted No. 3 by the old Cardinals in 1956. He spent the next two years in the service but saw plenty of service in both 1959 and 1960. Traded to Green Bay in 1961, he threw only 16 passes in two years before this season.

Although Starr has been erratic this year and has been intercepted 10 times, he has thrown eight touchdown passes and completed 50.7 per cent of his tosses. It was Starr, generally conceded to be

## BURTON WILL BRING HAMLET TO NEW YORK

By BOB THOMAS

AP Movie-Television Writer  
PUERTO VILLARTA, Mexico (AP)—A fact sometimes overlooked is that Richard Burton is also an actor.

His performance as a headline-maker has somewhat overshadowed his acting talent. The American public may be more conscious of this talent late this winter when he brings his "Hamlet" to New York.

He is undertaking once more the role he played longer than any other actor at the Old Vic, winning him praise from Winston Churchill. He explained his reasons as he waited in a local cafe to be called for scenes of "The Night of the Iguana."

### 400TH ANNIVERSARY

"Next year is 1964, the 400th anniversary of the birth of William Shakespeare," he said. "While there is a great deal of celebration in England, there seems to be little in the United States. I felt something should be done about it."

"Also, I recently did a film in England, 'Beckett,' with John Gielgud. He asked me one day why I didn't do Hamlet once more before I got too old. I said I had definite ideas of how I would like to do it this time."

and he asked me what they were. They happened to be some of the same ideas he had, so I agreed to do it if he would direct."

Burton, who last did "Hamlet" in 1954, hasn't appeared on the London stage for six years.

### MAKES DISCOVERY

"The New York theater is more exciting," he said, "and the critics are fair, whereas in London they are merely snide."

Burton has come a long way from Pontrhydyfen, Wales, where he was born 39 years ago Nov. 10. In some respects his habits are little changed from what they might have been if he had stayed in the mining town.

He is a prodigious drinker. This is his first trip to Mexico, and he has discovered tequila.

"The other night I totaled 21 before I stopped counting," he said. It was out at the beach and Elizabeth (Taylor) and the others on the beach were covered with bites the next day. I had none. I think I discovered something."

Nearly 25 per cent of the interns and resident physicians in American hospitals are graduates of foreign medical schools.

## ROTE PACING CHARGERS IN TITLE BATTLE

By THE ASSOCIATED PRESS

Tobin Rote, a can't-sit-still guy who probably has played out more options than any other man in pro football, is driving the San Diego Chargers toward their third American Football League divisional title in four years.

Rote rolled up 266 yards in the air by completing 16 of 22 passes including touchdown pitches of 73 and 44 yards to Lance Alworth, as the Chargers knocked off the defending league champion Kansas City Chiefs 38-17 Sunday.

### DROP INTO

That boosted the Chargers' record to 5-1 and increased their Western Conference lead to 2½ games over second-place Oakland, 3-4 after walloping the New York Jets 49-26.

The Jets' loss dropped New York into third place in the East behind Houston and Boston tied for the top spot with 4-3 records. The Oilers defeated Buffalo 28-14. The Patriots beat Denver 40-21 in a Friday night game.

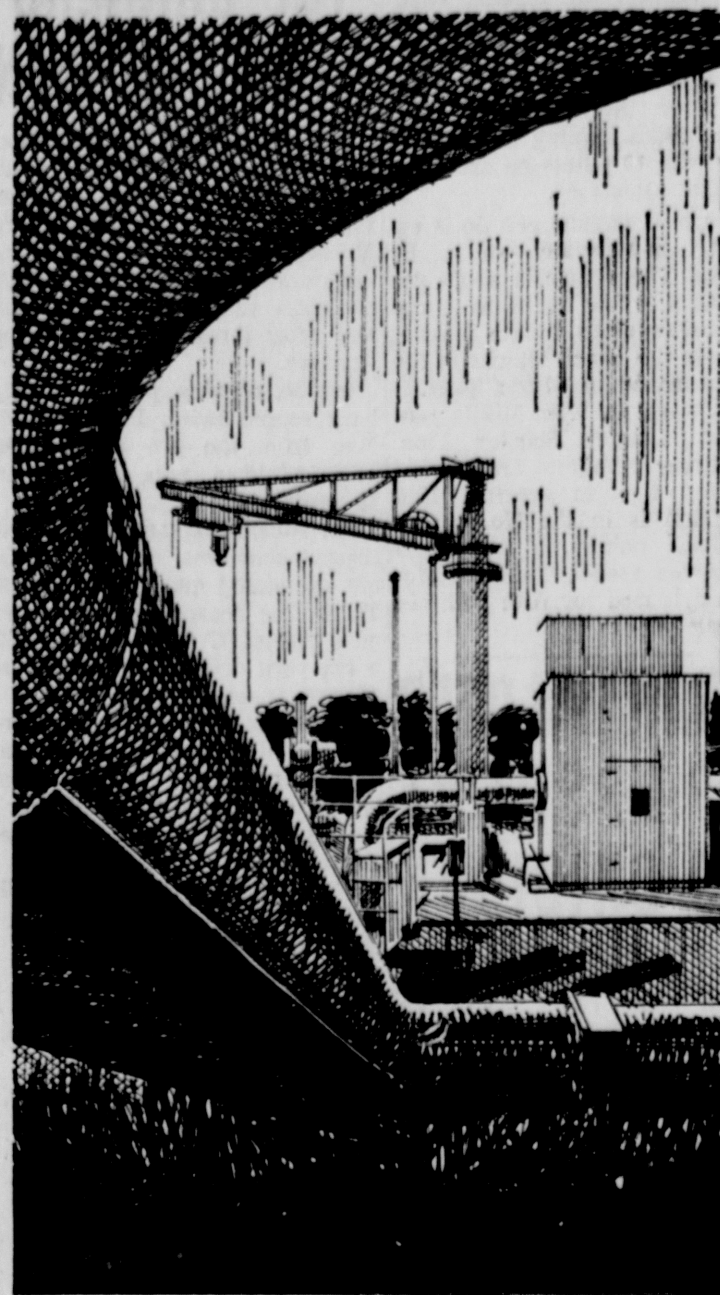

Rote, playing in his third pro league, has proved a vital factor in San Diego's return to the top after last year's dethroning, and may wind up playing on a championship outfit for the first time since he guided Detroit to the National League title in 1957.

Rote played out his option at Detroit, when he asked for a bigger contract and didn't get it.

So, he went up to Canada, played three years for Toronto and played out his option after a couple of disagreements with the coaches.

But he admitted he might be open to an offer by a U.S. club. Buffalo had the AFL rights to the 35-year-old quarterback, but parted with them in a trade with the Chargers, who were looking for a steady veteran in the event young John Hadl failed to make the grade.

We harness the jet engine to transport natural gas

Harnessing the power of jet aircraft engines to transport natural gas is another advance made by Texas Eastern in maintaining its position as a leading pipeline of energy. Less expensive, mass-produced jet engines are especially suited for use in compressor stations to handle peak winter loads. Modern jet engine power makes it possible to have smaller, more compact compressor stations, increased over-all efficiency and savings for us and our natural gas customers. # Padlocked Theater Stages Real-Life 'Brig' Drama

By RICHARD F. WHALEN  
Associated Press Staff Writer  
NEW YORK (AP)—The Living Theater died hard, and its demise was a show in itself.

The Internal Revenue Service padlocked the theater Thursday for nonpayment of \$28,000 in taxes.

Saturday the directors, cast and assorted sympathizers decided to stage another performance of "The Brig," its 177th, despite the padlocks on the 12-year-old off-Broadway playhouse.

**BATTLE POLICE**  
Their shenanigans, including a tug-of-war with police over a ladder, vied with the performance for theatrical flair. And 25 of them landed in a federal "brig."

Act one, scene one opens with a shadowy figure crawling through an opening into the theater projection booth. It's Julian Beck, playhouse cofounder. He opens a fire door and lets in about 20 people.

Scene two finds most of the cast plus seven sympathizers crouched in a metal cage on the stage munching peanut butter and jelly sandwiches.

Enter the revenue agents. "Leave," they say. "No," comes the reply.

Act two, several hours later, Beck goes to a window of the second-floor theater and shouts to about 60 followers that there will be a performance.

Cheers from below.

**LADDER ENTRY**  
Beck takes a ladder, a show prop, and lowers it from a window. Three patrons scramble up. Police arrive, grab bottom rungs. Actors cling to top rungs. Police yank and the actors lose the ladder.

"Our ladder rights are being violated," shout the actors. "It's not your ladder even," says the police.

The manager of a nearby theater takes the ladder, saying, "I didn't know they'd use the ladder for this type of performance," and exits to his own theater.

Beck appears at the window: "We will perform. There will be a show. They cannot stop us." Cheers from below.

The theater is plunged into darkness. Beck finds the light switch, flips it on and finds 25 people in the audience. The actors take their places.

A voice is heard from backstage: "The Living Theater is Alive."

**CURTAIN RISES**  
The curtain goes up.

Act three, scene one takes place as the curtain descends. Members of the cast and sympathizers crowd into the metal cage.

A police officer: "If you don't leave this evening, we'll have to arrest you."

Policemen and 20 federal agents arrive, lead and carry away 25 demonstrators, nine women and 16 men. Among them are Beck, his wife, the author of the play and most of the cast.

Act three, scene two finds the 25 in a federal jail. A few hours later 21 are freed for a hearing. Four others are held in lieu of \$500 bail. The charge is obstructing federal agents.

SKIN FLAWS. Skin problems have an ancient history. But some always seen new, for each generation suffers them anew. According to letters from readers of

this column, answers are wanted on these long-recorded difficulties:

—White Patches — a condition looking the opposite of freckles. A cover-up foundation, opaque and waterproof, is the surest solution at present. In some cases a drug that steps up the body's production of skin pigment has been helpful. Your physician is the person to ask about it.

Warts and Moles. Both ailments are in the province of a doctor. Warts are remedied by various treatments. Moles, particularly raised moles, should be removed. The process is quick and pain-

less.

—Scars from Acne. There would be less scarring from acne, if the disorder received medical attention in its first stages. Fortunately scars and pits are eradicable, or nearly so. Two methods are used. One involves planing away the outer layers of skin with an abrasive instrument. The other employs chemicals that peel off the layers. The work is done by dermatologists and plastic surgeons.

—Birthmarks. Sometimes, small birthmarks are removable. It is possible to cover marks with a foundation made for the purpose. When an application is skillful, results are more than satisfactory.

# U.S. CARDINAL SAYS CHURCH IS 'HOME OF WEAK'

By BENNET M. BOLTON  
VATICAN CITY (AP)—Albert Gregory Cardinal Meyer of Chicago told the Vatican Ecumenical Council Monday it should proclaim the Roman Catholic Church "the home of the weak and the refuge of those who experience difficulties."

The Chicago archbishop spoke to more than 2,000 council fathers in St. Peter's Basilica as they continued debate on the place of the laity in the structure of the Church.

A council press spokesman, paraphrasing Cardinal Meyer's remarks, said he approved in broad terms a chapter on the laity in the schema de ecclesia, a theological study of the Church. But the spokesman said Cardinal Meyer expressed a feeling that the chapter was inadequate in discussing man as a sinner.

"We are all sinners," the cardinal was paraphrased as saying. "Despite baptism we still carry the consequences of the original sin."

The chapter should stress there is need to lead a true Christian life, taking into account the contradictions in everyday life in which "man must fight between heavenly and earthly impulses," the cardinal said.

"If the schema is really aimed at touching the heart of man it would contain a paragraph proclaiming that the Church is the home of the weak and the refuge of those who experience difficulties."

**APPROVE AMENDMENTS**  
Besides discussing the laity, the council fathers approved two amendments to a chapter of the divine office in a schema of liturgy. The divine office or breviary comprises prayers recited daily by priests.

One amendment inserts a statement that Christ is carrying on his mission in the world, not only in the Eucharist but also on the recitation of prayers. The second stresses that there is full identity between the official prayers of the

Church and the prayers taught by Jesus Christ.

The first amendment was approved by a vote of 2,151 to 8, with four invalid ballots. The other won 2,009 to 12, with one invalid ballot. Eleven other amendments remain to be voted on during the week.

The breviary is a book carried by priests constantly and demands his daily devotion.

The breviary now takes about 90 minutes to read each day. Soon it may be shortened and changed from Latin to vernacular languages.

# SEES SHORT LIFE FOR NEW LAUGH SHOW

By CYNTHIA LOWRY  
AP Television-Radio Writer  
NEW YORK (AP)—It's not very often that even a dedicated television viewer has an experience like "Laughs for Sale."

That is the program, unfortunately, that has replaced Sunday night's "100 Grand."

I cannot remember a program so inane, pointless, unfunny and disorganized. If it lasts a couple of weeks, it could make jokes and comedians go out of style.

The idea is to solicit comedy material from writers—new and undiscovered or old and discovered. The material, selected by an unidentified board of experts, is read by professional comedians.

Sunday night the professionals all were good, funny people—Mickey Rooney, Phil Foster, and Sheeky Greene—who tried but could not conceal their distaste for the material. Comedienne Cara Williams was around, too, and I suspect that her spot was cut out of an overlong tape. She was the luckiest guest star of the four.

ABC ought to be ashamed of itself for this shabby show.

**BISHOP DOING WELL**  
The same network, earlier Sunday evenings, is experimenting with a 90-minute show called "Arrest and Trial." Sunday

night it had a story so full of emotionally disturbed characters it looked like an out-patient clinic for the network's "Breaking Point" psychiatry series.

One show returning for a new season has quietly picked up a new format and is much happier and faster than before. It is NBC's "Joey Bishop Show" on Saturdays.

Joey seems more easy in his role and the format now includes a sort of concealed night-club or variety type entertainment each week. The other night Joey did a stand-up routine—jokes and a good Jimmy Durante impersonation—ostensibly for an audience of one, his television wife.

The device is thin but the entertainment is fun and a nice change from the marital misunderstanding gambit.

SCRANTON, Pa. (AP)—Tunkhannock, with an able assist from West Pittston, has assumed first place in the northern division of the East Penn Football Conference.

Tunkhannock dropped Scranton Tech to second as it scored a 38-0 victory over Lackawanna Trail Saturday while the Red Raiders were dropping a 13-7 decision to West Pittston.

## Retailers Cater To Teen-age Spenders; Rich New Market

Editor's note—Teen-agers, the fastest growing segment of the population, have emerged since World War II as a dynamic factor in the economy. This first of two articles tells the size and impact of their multibillion-dollar purchasing power.

By JACK LEFLER  
AP Business News Writer

NEW YORK (AP) — There's gold in those blue jeans pockets. Teen-agers have billions of dollars to spend.

The market they make up is a phenomenon of modern merchandising.

Merchants who were in the habit of lumping youngsters' spending with that of the family are going all out to cater to their widely diversified needs and desires.

### NEW MARKET

They realize now that the teen-age market is independent and expanding rapidly.

It is estimated that there are 11,065,000 teen-age girls in the United States and that there will be 13,116,000 by 1970.

They have \$6.3 billion a year of their own to spend.

There are more than nine million boys 14 to 17 years old—

"teen-men," the storekeepers like to call them.

These youths have an estimated \$16 billion of expendable income.

The rising proportion of youthful consumers in the population stems from the post-World War II surge in the birth rate.

The increase in the U.S. population between 1960 and 1970 is estimated at between 12 and 22 per cent. But the number of youngsters in the free-spending 15-to-19-year-old segment will spurt more than 40 per cent.

"Until after World War II business had never shown much interest in the young woman under 20—in fact no one did except teen-age boys," says Enid A. Haupt, editor of Seventeen magazine, a publication for girls.

"In just this short span of time teens have catapulted into the economic limelight, their pockets bulging with dollars to spend, their spirits filled with the desire for new things, new experiences, new loyalties.

"They have become a separate and distinct group in our society—they're the new frontier of the economy—they're the unexpected bonanza for industry."

### LARGE BOY MARKET

The boys represent an even bigger market than girls as far as their own money is concerned. That's because many pad out their allowances from the family with jobs after school and on weekends.

Young buyers are highly conscious of brand names promoted in advertisements, marketing analysts have found.

The teen-age market is wide open to the alert advertiser, says Eugene Gilbert, president of Eugene Gilbert Co., research and survey organization.

"Teen-agers are a follow-the-leader group," he adds. "They are more susceptible to advertising than any other age group."

Tomorrow: Where the teen-agers' money goes.

## McSherrystown

MRS. LESTER BOWMAN  
McSHERRYSTOWN — David Patrick Miller, 4, son of Mr. and Mrs. James Miller, 635 Main St., was slightly injured in an accident Saturday, at 4:45 p.m. A car driven by Amos Starry, 66, of 125 North Stratton St., was driving east on Main St. when the child ran from behind stopped traffic 150 feet away from the intersection of Oxford Ave. and Main St. The boy was struck by the Starry car. According to police he suffered brush burns of the body and a slight concussion on the right side of his head.

He was taken in the McSherrystown ambulance to the Hanover Hospital.

At a recent meeting of the bi-centennial committee, the following report was presented: Expenses for the pageant and other affairs amounted to \$19,950. All bonds that were turned in for redemption were redeemed at their face value, and the time has expired for redemption of bonds.

There are copies of the McSherrystown Book both soft and hard backs, coins, and pennants still available and are on sale at the borough office, Fee's Cut-Rate, and the McSherrystown branch of the Adams County National Bank.

There will be a meeting of the Catholic War Veterans Tuesday evening at 8:30 p.m. at the K. of C. home.

Cub Pack 104 will hold a pack meeting in the Annunciation School hall at 7:30 p.m. Thursday. This will also be the Halloween dress-up party.

The Boy Scouts will conduct a paper drive Saturday starting at 12 noon. All Boy Scouts are to meet in the school to help.

Banns of marriage were announced for the first time Sunday between Ronald L. Zartman of St. Aloysius Parish, Littlestown and Rose Agnes Riser, daughter of Mr. and Mrs. John A. Riser, 104 Secod St., of the Annunciation of the Blessed Virgin Mary parish.

All articles that are being given to the Delone PTA rummage sale may be taken to the representatives, L. D. Keffer, 426 North St., and Joseph B. Price,

## Allenberry Plays Final Production

JANE FARNOL

The Allenberry Players will ring down the curtain on their fifteenth season with Richard North Gage's production of the farce comedy, "Champagne Complex," beginning this evening and running for two weeks.

This comedy, written by Leslie Stevens, concerns a pretty girl who is seized with an uncontrollable desire to disrobe when she drinks champagne. This causes so much trouble for a boy friend, a pompous young business executive, that he persuades the girl to permit his uncle, an amateur psychiatrist of sorts, to help her with her complex.

Jane Farnol plays the girl, a role which Polly Bergen created on Broadway. Peter Ratray, Allenberry's able juvenile, plays the finance and Don Draper makes his thirteenth appearance of the season in the role of the psychiatrist, which the late Donald Cook played in the New York version.

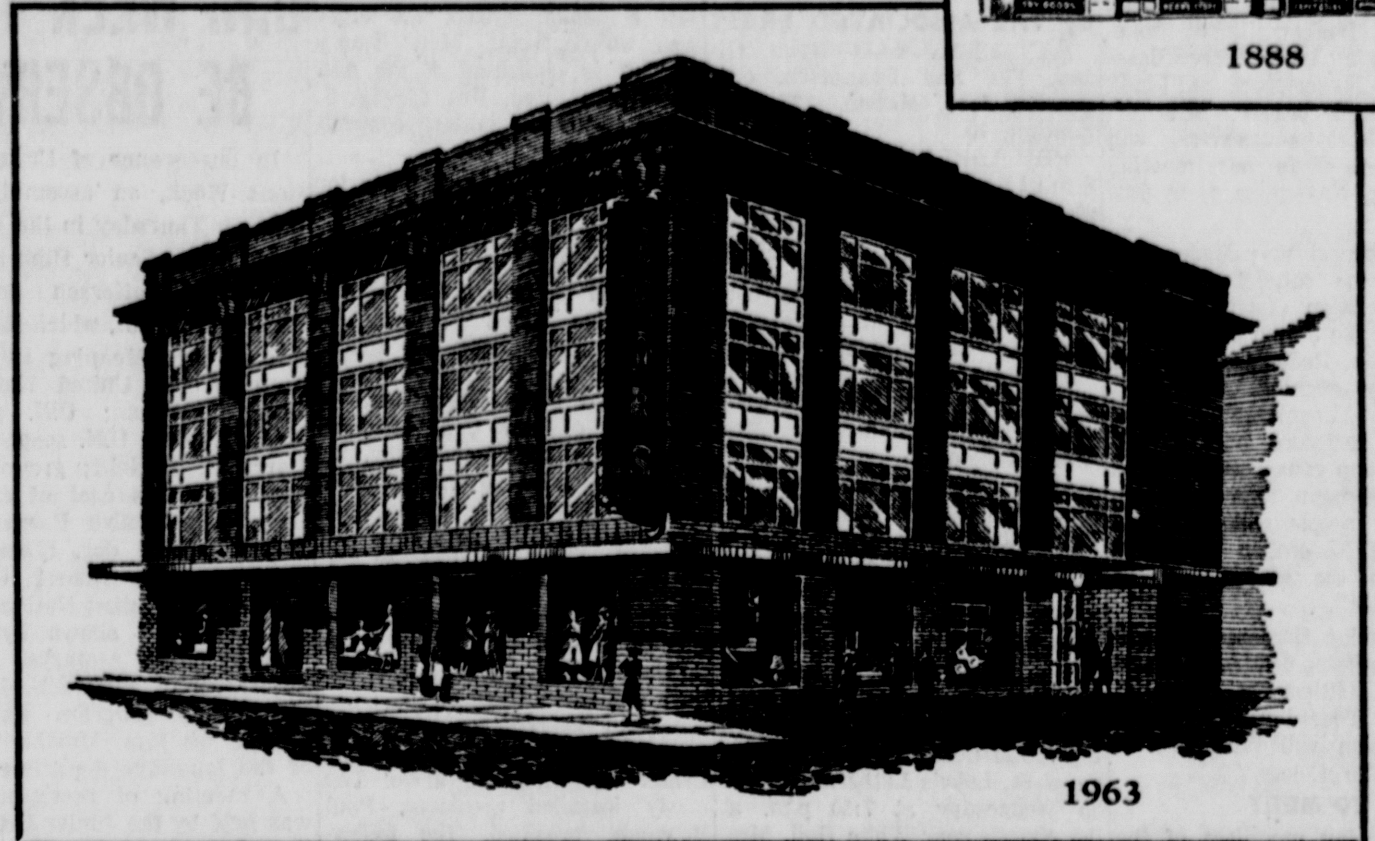

Soon digging will resume for the first time in years in the famed Kimberley Mine, whose glittering harvest made the name Cecil Rhodes a household word in the 19th Century. It is the practice of major companies to alternate production among reserve mines.

424 Delone Ave., or taken to Delone Catholic High School on Sunday, Oct. 27, between 9:00 a.m. and 1:00 p.m.

## NAVY EXPECTS TOUGH BATTLE AGAINST PITT

By HERB THOMPSON  
ANNAPOLIS, Md. (AP)—Navy expects to meet Panthers with blood in their eye when it comes up against third-ranked, undefeated Pitt in next Saturday.

"It's a big game for us and could make us or break us," said Middle quarterback Roger Staubach. "We know they're going to be out for revenge."

Staubach was asked whether he thought Pitt would be remembering the controversial "sleeping" play, which Navy scored on after faking an injury that started a 32-9 rout of the Panthers in the Oyster Bowl at Norfolk, Va., last year. Staubach threw the scoring pass to flanker Jim Stewart, who had headed for the sidelines as though injured.

"They'll be remembering a lot of things," Staubach commented.

NEEDS NO WEAPON  
Coach Wayne Hardin, who apologized for the play after the game although he had cleared it in advance with officials, prefers to forget it.

"I don't think they're any more excited about that play than we are," Hardin said.

The Navy coach said Pitt needs no psychological weapon. "They said before the season they would have the No. 1 team in the country, and I don't see how anybody can argue with them," he said.

"They've got size, speed, a tremendous offense, a tremendous defense — they're just a great football team."

Navy is ranked 10th nationally with a 4-1 record that includes a 32-28 upset by Southern Methodist.

Bats inhabit all parts of the world except the polar regions.

## This Is Red Letter Day In Pa. Education History

By FRED WALTERS

HARRISBURG (AP) — As an historical item this should be noted in future years as the date when the State Board of Education held its organization meeting.

There is hope among educators that it indeed will prove a date worthy of such notice. There is some apprehension it may not be.

Whatever the emotions of those whose daily lives directly will be affected by the new board, the organization meeting meets the criteria of a new era in Pennsylvania public education.

### CHANGES IN POLICY

The board, with its component councils of basic and higher education, represents a change in state policy on education.

The basic change is that policy should be directed by laymen, not professionals.

By law, only two seats on each of the seven-member councils are open to educators. None of the three at-large members in the complement of 7 is an educator, again by law.

Moreover, the dominant role in education policy-making switches from the department of public instruction to the board.

**CHANGES AT POLICY LEVEL**  
The old nine-member council—being replaced by the new board—came under the influence of the department and the state superintendent.

The reason for lay direction is the theory that professionals tend to take a pedagogical outlook on problems.

This sometimes makes practical, creative planning difficult.

The new administrative arrangement also provides higher education institutions with an equal voice at the policy level. The old council was concerned primarily with elementary and secondary schools.

### SOME DOUBTS EXPRESSED

As for the membership of the board, educators reveal a mixed reaction.

There is a tendency to applaud Gov. Scranton's selections for the council of higher education, including chairman Charles G. Simpson, Philadelphia utility executive. Reaction to appointments to the council of basic education has been more reserved, although the choice of Mrs. Albert M. Greenfield of Philadelphia—she has considerable background in the field—has been considered a good one.

It is the basic education council's role in school reorganization that leads to the feelings of the doubt.

### EFFECTIVE INSTRUMENT

While the whole board is to adopt standards for the compulsory school reorganization law, the basic education council must put them to work.

Neither those who favor a strong program nor those who favor a weak one (or none at all) are certain how the council will carry out that duty.

Despite reservations about that and other questions only time will answer, there appears to be satisfaction that an effective instrument for setting policy finally has been adopted.

## Today In Washington

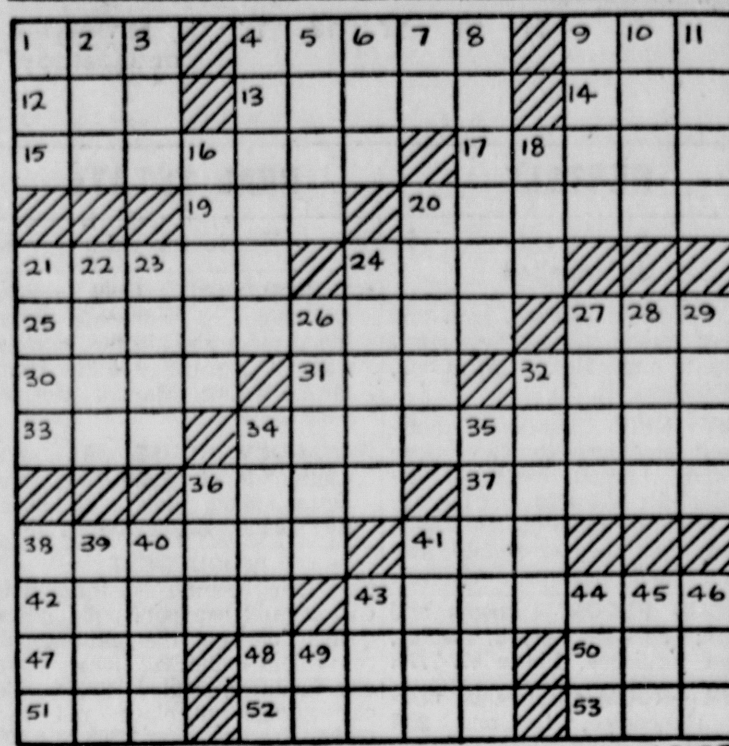

By THE ASSOCIATED PRESS  
WASHINGTON (AP)—In the news from Washington:

**KORTH:** "I was not asked to resign by anybody," says Secretary of the Navy Fred Korth in denying published reports that he resigned his Pentagon post at the request of the Kennedy administration.

Korth's declaration was made Saturday night through an aide in answer to questions by newsmen about reports that his sudden resignation a week ago was on demand.

Korth said in his letter of resignation that he was leaving for
